CLUB IMPROVEMENTS

If you have been in the club in the last few weeks, I'm sure you will have noticed some positive changes.

The new furniture is in place along with the new blinds.

I'm sure you will all agree it has given the club a much-needed facelift making it feel a lot more modern and welcoming.

We have lots more ideas on how we can continue to update the club and make it more accessible.

We will continue to keep you informed of our progress.

THE ARISTON

Saturday 1st July.

The Ariston are an Indie/Alternative Rock band from Surrey.

They have been playing at festivals and top night spots in the area and we are honored that they have found a gap in their busy schedule to perform for us.

These boys are going to be huge so don't miss the opportunity to say that you were there when they performed at the Traco!

NEWS FROM THE BAR

The change over of brewery is complete.

We have had the new cellar system installed which double chills the draught products dispensed through our new beer pumps.

Strongbow Dark Fruits, Carlsberg, Shipyard and Somersby Cider, Fosters, Amstel, Guinness, San Miguel, and John Smiths are all now on draught.

If you haven't tried our new super chilled pints - why not pop along for one whilst checking out the upgrades to the furniture?
